

UNITE EC ELECTIONS BALLOT OPENS 23RD MARCH

for Scotland Vote **Julie Cowin & Ray Morell**

**Julie Cowin - Mem No: 3323536 -
SC/164/RBS**

I chair the body that negotiates on pay, terms, and conditions for over 6000 members at NatWest.

Together we have delivered on removal of performance related pay, inflation beating pay rises, and H&S improvements.

I believe Unite is not a fee-for service, it is a union run by active members.

**Ray Morell - Mem No: 30068279 -
SC/162/LEONARDO**

I've been a rep in Aerospace for over 37 years, and Chair of my combine representing over 3500 members.

We've doubled our membership and taken strike action making huge wins on pensions and pay.

Unite is only as strong as our membership, and I want to enact a strategy that builds that power.

**LET'S BRING POWER BACK TO MEMBERS &
BRING THE FIGHT
BACK TO THE WORKPLACE**

POSTAL BALLOTS ARRIVE FROM MONDAY 23RD MARCH ONWARDS

WHAT WE STAND FOR...

Clean up our Union - We want to move away from a “tap on the shoulder” culture, misuse of positions of power, and time being wasted on petty internal politics. We want to restore Unite’s democracy, regain lost trust in leadership, and refocus on what matters - building workers’ power.

Bin the Labour Party - We know our power comes from organised members, not politicians. If elected, we will push for members to have their say on our affiliation to Starmer’s broken Labour Party.

Worker led transition - Whether it’s shifts towards Green Energy from Oil and Gas, or new technology being introduced in other sectors like aviation, these changes must be made by workers, for workers, not by profiteers and career politicians.

Organising to win - We will champion campaigns that want to build strong membership in strike-ready workplaces. The role of our leadership is first and foremost to facilitate and support members in building this for themselves.
